

NEW BUSTER XS

NEW Buster XS 2021

- Compact & agile and feels bigger than it actually is.
- The boat can safely carry four people with their belongings.
- The boat is unsinkable and, due to its high sides and even floor, a very safe boat to use.
- The U-shaped stern seat allows the driver to sit sideways while going forward, regardless of which hand the driver is using to control the engine.
- The driving position is significantly more ergonomic and better than typically on tiller controlled outboard boats.
- The large even bow seat creates an easy and safe access to the boat and also serves fishing enthusiasts as a casting deck.

| Technical information | | XS 2021 | XS 2016 |
|-------------------------|----|---------|---------|
| Persons | | 4 | 4 |
| Length | m | 4,18 | 4,15 |
| Width | m | 1,76 | 1,65 |
| Weight (without engine) | kg | 170 | 166 |
| Engine | hp | 9,9-20 | 6-20 |

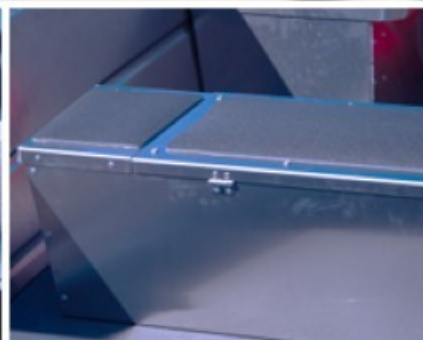

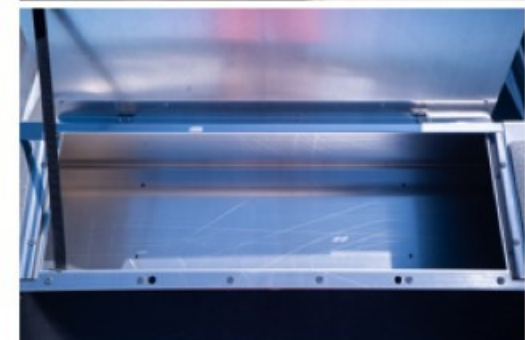

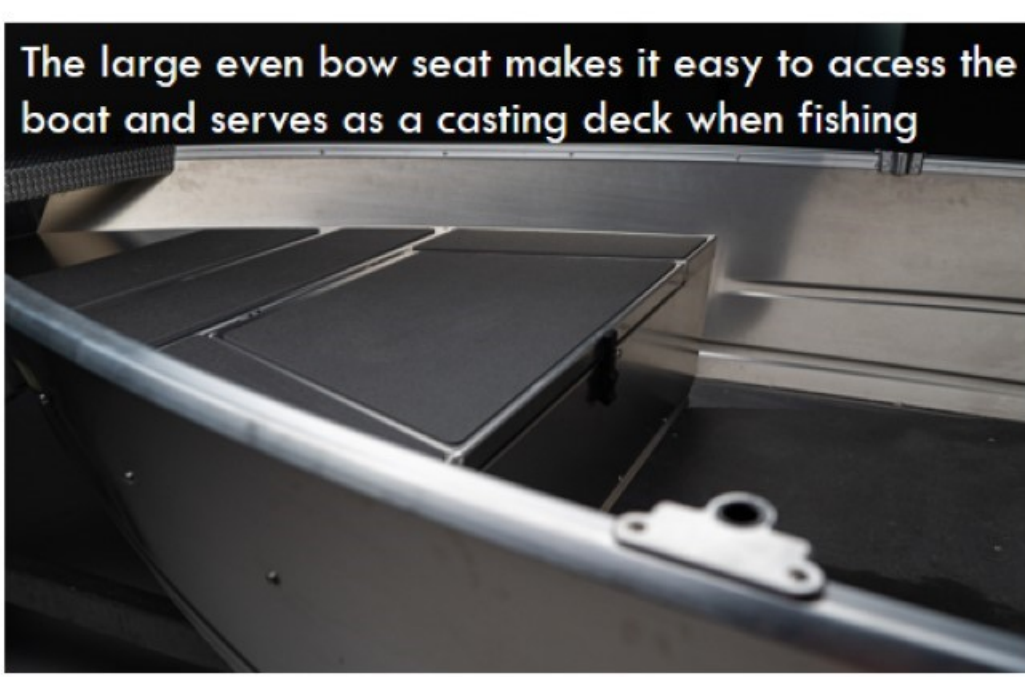

High sides make the boat very safe to use

The large even bow seat makes it easy to access the boat and serves as a casting deck when fishing

Practical storage in bow

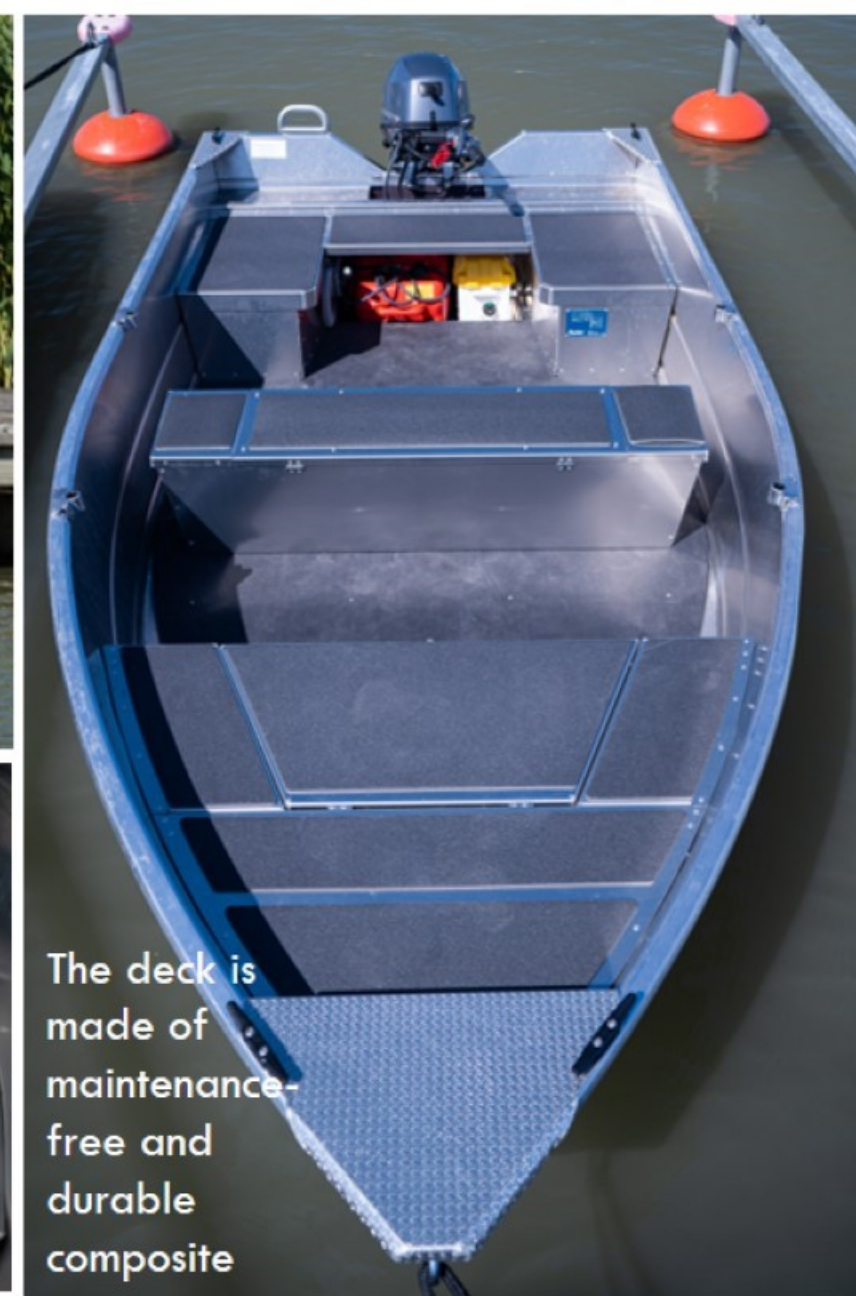

Buster[®]

EMPOWERED BY **YAMAHA**

The boat is light, easy to handle and can carry four people with luggage

The deck is made of maintenance-free and durable composite

Plenty of storage in middle- and bow seat

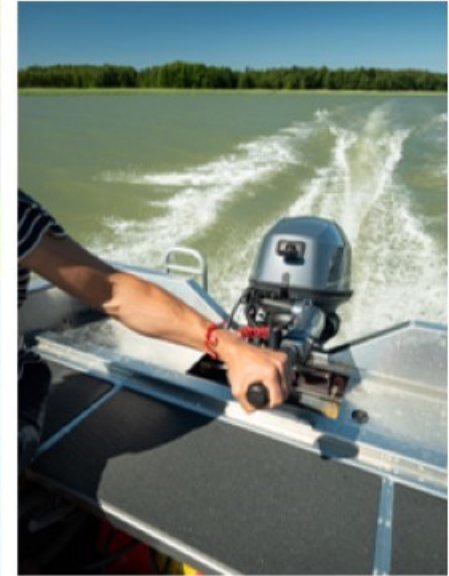

Buster[®]

Buster recommends the new Yamaha F20G, which gives the boat a top speed of 20 knots with a load of two persons.

The U-shaped stern seat enables the driver to sit sideways, which provides superior driving ergonomics.
